Appendices:

Appendix 1: Indicators of Abuse and Neglect

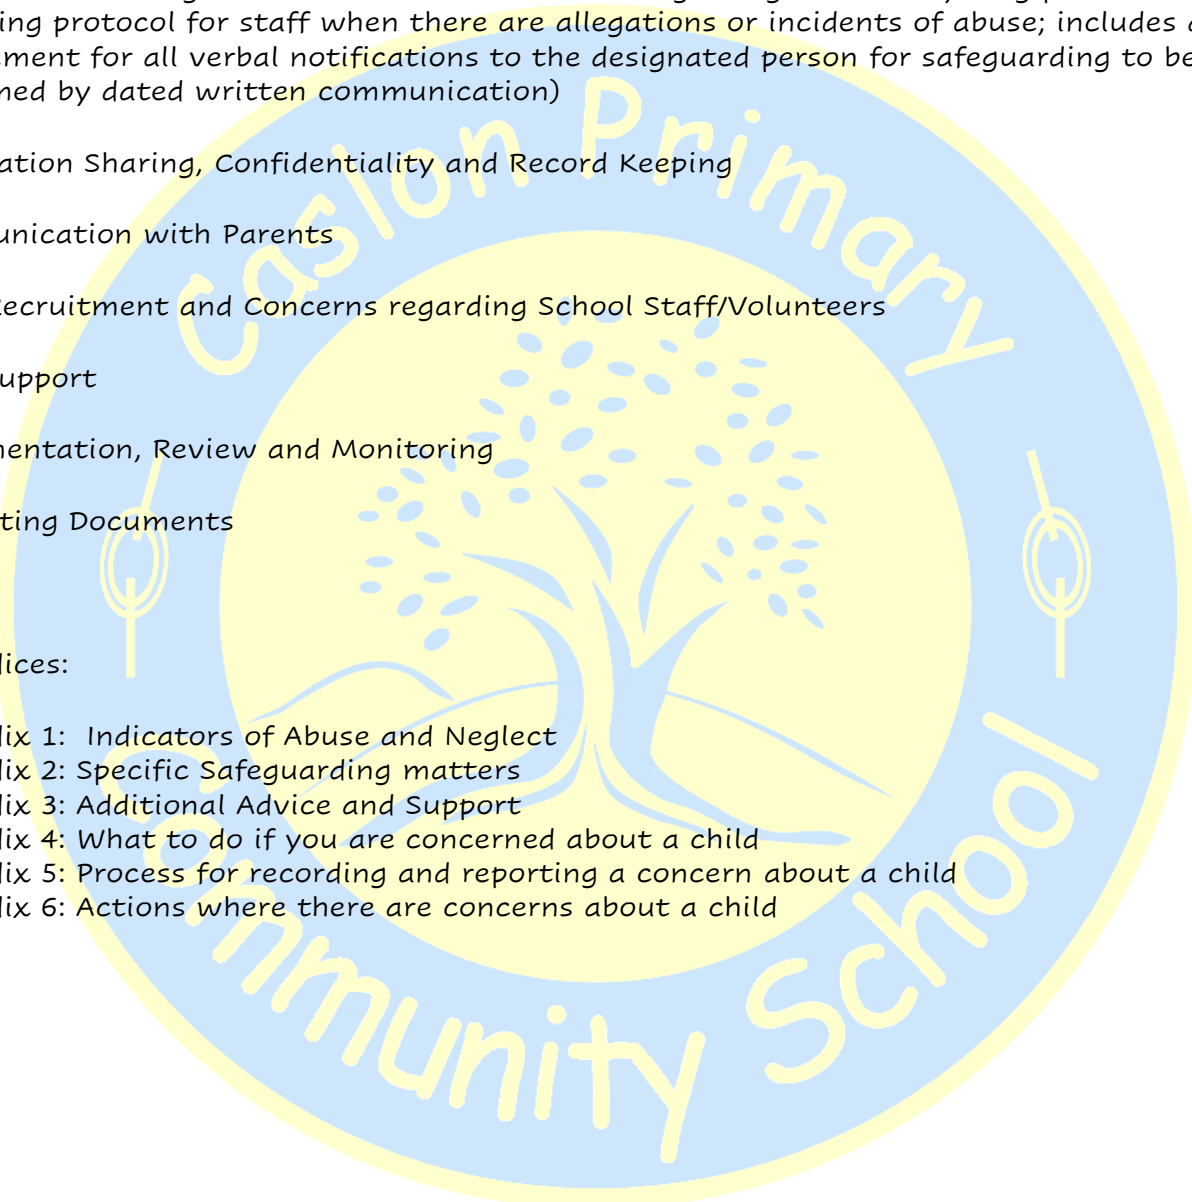

Appendix 2: Specific Safeguarding matters

Appendix 3: Additional Advice and Support

Appendix 4: What to do if you are concerned about a child

Appendix 5: Process for recording and reporting a concern about a child

Appendix 6: Actions where there are concerns about a child

## **Child Protection Policy**

*This policy adheres to the principles under data protection law. For further information please review the school's data protection policy published on the school's website"*

### **Child Protection Policy Statement**

This policy is based on the Department for Education's (DfE's) statutory guidance, [Keeping Children Safe in Education \(2024\)](#) and [Working Together to Safeguard Children \(2023\)](#), the [Maintained Schools Governance Guide](#). Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils.

Additional guidance linked to this policy:

[The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children

Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

[Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

[The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children

Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children

[Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

[The Human Rights Act 1998](#), which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)

[The Equality Act 2010](#), which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it's proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment

[The Public Sector Equality Duty \(PSED\)](#), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination

All schools with pupils aged under 8 add:

The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the "2018 Childcare Disqualification Regulations") and [Childcare Act 2006](#), which set out who is disqualified from working with children

All early years providers add:

This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#)

### **Local multi-agency safeguarding arrangements.**

The school's policy has been written taken into consideration our locally agreed multi-agency procedures

The links for Dudley's procedures are below:

<https://dudleysafeguarding.org.uk/>

<https://dudleysafeguarding.org.uk/wp-content/uploads/2023/03/DSPP-Support-Level-Guidance-and-Framework-March-2023.pdf>

Caslon Primary Community School, Beech Tree and Tree Acre are committed to safeguarding and promoting the welfare of all children and young people both within the school environment and outside. Safeguarding and promoting the welfare of children is everyone's responsibility.

Caslon Primary Community School, Beech Tree and Tree Acre are committed in ensuring that all staff who come into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil the responsibility effectively, the school will ensure their approach is child centred. This means that they will consider, at all times, what is in the best interests of the child.

Because of our day-to-day contact with children and young people, education staff are particularly well placed to observe outward signs of abuse, changes in children's behaviour or their failure to develop. We need, therefore 'to be alert to the possibility of abuse occurring, aware of the procedures to be followed if the school have suspicions and have the confidence to follow those procedures. This policy applies to all staff, governors and volunteers working in the school.

It is essential that everybody working in a school or college understands their safeguarding responsibilities. Governing bodies and proprietors should ensure that those staff who work directly with children read at least Part one and Annex B. All staff sign a declaration at the beginning of each academic year to say they have read and understood and will follow the guidance. Governing bodies and proprietors, working with their senior leadership teams and especially their designated safeguarding lead, should ensure that those staff who do not work directly with children read either Part one of this guidance.

### **Definitions**

In accordance to KCSIE 2024, Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

Safeguarding and promoting the welfare of children means:

- Providing help and support to meet the needs of children as soon as problems emerge
- Protecting children from maltreatment whether that is within or outside the home, including online
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

**Child protection** is part of this definition and refers to activities undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.

**Abuse** is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. Page explains the different types of abuse.

**Neglect** is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Further definition of neglect are detailed in the policy.

**Sharing of nudes and semi-nudes** (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams. This also includes pseudo-images that are computer-generated images that otherwise appear to be a photograph or video.

**Children** includes everyone under the age of 18.

**Victim** is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

**Alleged perpetrator(s) and perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

### **Policy Aims**

The aim of this policy is to provide information for all staff to carry out this duty of care responsibly.

The six main elements of the policy are:

- Ensuring we practice safe recruitment through checking the suitability of staff and volunteers to work with children.
- Raising awareness of child protection issues and equipping children with the skills needed to keep them safe.
- Implementing procedures for identifying and reporting cases, or suspected cases, of abuse.
- Supporting pupils who have been abused in accordance with his / her child protection plan.
- Establishing a safe environment in which children can learn and develop.
- Ensuring there are links with other safeguarding policies and procedures for example, anti-bullying, behaviour policy, attendance, physical intervention, medical conditions, first aid, intimate care, educational visits, sexual exploitation, sexting, disability, homophobic abuse, racism, domestic abuse, female genital mutilation, radicalisation and extremism, honour based violence. For further information on some of these procedures, refer to the DSPP website. There is also separate guidance for school on what to do in the event of a death of a child, use of images and safer working practice guidance.

We recognise that because of the day-to-day contact with children, our staff are well placed to observe the outward signs of abuse. The school will therefore:

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to.
- Ensure children know that there are adults in the school whom they can approach if they are worried.
- Include opportunities in the curriculum for children to develop the skills they need to recognise and stay safe from harm.

### **Role and Responsibilities of Designated Safeguarding Lead**

The DSL is a member of the senior leadership team. Our DSL is Miss D Garrett. The DSL takes lead responsibility for child protection and wider safeguarding in the school. This includes online safety and understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns. The DSL is contactable out of school hours and during the holidays via e-mail.

When the DSL is absent, the [deputy/deputies] – Mrs L Holden-Gough, Miss D Garrett and Mrs R Harper will act as cover.

The DSL will be given the time, funding, training, resources and support to:

- Work closely with teachers and share information & provide advice and support to other staff on child welfare and safeguarding and child protection matters
- Sets out procedures so that staff promptly share their safeguarding concerns in writing

- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff. Their role could include ensuring that the school or college, and their staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.
- Refer cases of suspected abuse and neglect to the local authority children's social care as required and support staff who make referrals to local authority children's social care.
- Refer cases to the Channel programme where there is a radicalisation concern as required and support staff who make referrals to Channel programme.
- Refer cases where a crime may have been committed to the Police
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children, particularly in relation to Early Help
- Work closely with Mental Health Leads
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel Panel, Disclosure and Barring Service and/or police), and support staff who make such referrals directly
- Have a good understanding of harmful sexual behaviour
- Have a good understanding and takes the lead of the filtering and monitoring systems and processes in place at our school, this is included in the DSL's job description
- Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search
- The DSL will also keep the headteacher informed of any issues and liaise with local authority case managers and designated officers (LADO) for safeguarding and child protection concerns as appropriate.

The full responsibilities of the DSL and [deputy/deputies] are set out in their job description.

### **Roles and Responsibility of the Head Teacher and Governing body**

**The Headteacher is responsible for the implementation of this policy, including:**

- Ensuring that staff (including temporary & supply staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Ensuring that staff (including temporary & supply staff) understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly, including online and cyber security.
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service/Teaching Regulatory Agency/TRA as required
- Making decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this
- Complete appropriate safeguarding and child protection (including online) training
- Ensuring the relevant staffing ratios are met, where applicable

- Making sure each child in the Early Years Foundation Stage is assigned a key person
- Overseeing the safe use of technology, mobile phones and cameras in the setting
- Promoting good oral health and signposting accordingly to services

**The Governing body will approve this policy at each review, ensure it complies with the law and hold the headteacher to account for its implementation.**

The Governing Body will appoint a senior board level lead. Our Safeguarding Governor is Mr J Gray and he shall monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The Chair of governors Mr M Nasser will act as the 'case manager' if an allegation of abuse is made against the headteacher, where appropriate.

The Governing Body will be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements

All Governors have read and understood Keeping Children Safe in Education 2024.

Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners

The Governing Body will seek assurance of the following areas:

- The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
- Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
- The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place
- The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members
- That this policy reflects that child with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised

Other areas of assurance include:

Ensure that the school has appropriate filtering and monitoring systems in place and review their effectiveness. This includes:

- Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training
- Reviewing the [DfE's filtering and monitoring standards](#), and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards

Where another body is providing services or activities (regardless of whether or not the children who attend these services/activities are children on the school roll):

- Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed
- Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate
- Make sure that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply.

### **All Staff**

Safeguarding and child protection is everyone's responsibility. This policy applies to all staff, volunteers and governors/trustees in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

All staff will:

- Read and understand part 1 and annex B of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually
- Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance
- Reinforce the importance of online safety when communicating with parents and carers. This includes making parents and carers aware of what we ask children to do online (e.g. sites they need to visit or who they'll be interacting with online)
- Provide a safe space for pupils to speak out and share their concerns

All staff should be aware of the indicators of abuse, neglect and exploitation, understanding that children can be at risk of harm inside and outside of the school/college, inside and outside of home, and online. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.

- Our systems that support safeguarding, including this child protection and safeguarding policy, the staff [insert as appropriate here: behaviour policy / code of conduct], the role and identity of the designated safeguarding lead (DSL) and [deputy/deputies], the behaviour policy, [insert if you have a standalone online safety policy: the online safety policy / if you don't have a standalone policy, insert: online safety that includes the expectations, applicable roles and responsibilities in relation to filtering and monitoring,] and the safeguarding response to children who go missing from education
- The early help assessment process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse, neglect and exploitation, including domestic and sexual abuse (including controlling and coercive behaviour, as well as parental conflict that is frequent, intense, and unresolved), as well as specific safeguarding issues, such as child-on-child abuse, grooming, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, radicalisation and serious violence (including that linked to county lines)
- New and emerging threats, including online harm, grooming, sexual exploitation, criminal exploitation, radicalisation, and the role of technology and social media in presenting harm
- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- The fact that children can be at risk of harm inside and outside of their home, at school and online
- The fact that children who are (or who are perceived to be) lesbian, gay, bisexual or gender questioning can be targeted by other children
- That a child and their family may be experiencing multiple needs at the same time
- What to look for to identify children who need help or protection

### **Safeguarding Training**

All staff members will undertake safeguarding and child protection training, online safety training including IT filtering and monitoring roles and responsibilities, together with managing allegations and whistle-blowing procedures, to ensure they understand the school's

safeguarding systems and their responsibilities and can identify signs of possible abuse, neglect and exploitation.

According to 'Keeping Children Safe in Education 2024, The Designated Safeguarding Lead and any deputies should undergo training to provide them with the knowledge and skills required to carry out the role. The training should be updated every two years.

In addition to their formal training, as set out above, their knowledge and skills should be updated, (for example via e-bulletins, meetings other designated safeguarding leads, or taking time to read and digest safeguarding developments), At regular intervals, but at least annually, to keep up with any developments relevant to their role. It is the responsibility of the DSL to keep themselves up to date with local and national safeguarding issues, attend relevant training and ensure training on specific safeguarding issues is then delivered to staff.

Governing bodies and proprietors should ensure that all staff undergo safeguarding and child protection training at induction. The training should be regularly updated and in line with advice from DSPPB.

All staff will undertake annually training on Cyber-security training.

Have regard to the Teachers' Standards to support the expectation that all teachers:

Manage behaviour effectively to ensure a good and safe environment

Have a clear understanding of the needs of all pupils/students.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates including online safety, as required but at least annually. Regular updates throughout the academic year could include (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

All new staff will receive robust safeguarding training in line with the whole school training package, this will be delivered as part of their induction process before they commence working with our pupils/students.

The DSL and deputies will undertake child protection and safeguarding training at least every 2 years. Online safety training will be undertaken annually and regularly updated to keep knowledge of staying safe online and the risks associated up to date, this includes including filtering and monitoring and cyber security

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments). They will also undertake Prevent Awareness training.

### **The Curriculum and Online Safety**

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

Child protection and wider child safety issues will be addressed through the curriculum as appropriate. Relevant issues will be addressed through the curriculum, for example self-esteem, emotional literacy, assertiveness, power, sex and relationship education, e-safety and bullying. 'Teaching online safety in school (DfE, June 2019). It outlines to schools the

importance of helping children and young people not only use the internet safely, but also give them opportunities to learn how to behave online. Throughout, the guidance emphasises the importance of teaching that is always age and developmentally appropriate.

#### **The 4 key categories of risk**

Our approach to online safety is based on addressing the following categories of risk:

**Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism

**Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes

**Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and

**Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

It has long been clear that staff should not communicate with pupils outside the context of their work. The new guidance reminds staff that they should not discuss or share data relating to children, parents or carers in staff social media groups. (GSWP)

#### **Virtual School Heads and CLA**

The most common reason for children becoming looked after is as a result of abuse and/or neglect. Governing bodies and proprietors should ensure that staff have the skills, knowledge and understanding to keep looked after children safe.

Caslon Primary Community School is committed in working with the Virtual school Head and supporting the progress of looked after children in the school and meet the needs identified in the child's personal education plan. The LAC and CiC lead within school is Mrs Holden-Gough.

#### **Children with Special Educational Needs and Disabilities**

Children with special educational needs (SEND) and disabilities can face additional safeguarding challenges. Governing bodies and proprietors should ensure their child protection policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children. Caslon Primary Community School is committed to working with children with special educational needs (SEN) and disabilities who often face additional safeguarding challenges. This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Children with SEN and disabilities can be disproportionately impacted by things like bullying without outwards showing any signs;
- Communication barriers and difficulties in overcoming these barriers.

#### **Policies**

All our policies which address issues of power and potential harm, for example bullying, on-line safety, equal opportunities, handling, positive behaviour, will be linked to ensure a whole school approach. Our Child Protection policy cannot be separated from the general ethos of the school, which should ensure that pupils/students are treated with respect and dignity, taught to treat each other with respect, feel safe, have a voice, and are listened to. Staff will follow DSPPB Children Procedures if there are concerns around peer on peer abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence / sexual assaults and sexting.

#### **Procedures**

Caslon Primary Community School will ensure that all staff follow the procedures set out by the DSPPB and take account of guidance issued by the Department of Education (DfE) to:

- Ensure every member of staff (including temporary and supply staff and volunteers) and governing body knows the name of the designated safeguarding lead and deputies (if any) responsible for child protection and their role.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the designated safeguarding lead responsible for child protection. This will be completed via the CPOM's electronic system (**CPOMS** allows us to record information in a central repository and have relevant people alerted immediately. Senior leaders are able to build a chronology around a student and can produce reports on vulnerable pupil groups for **Case Conference Meetings, Governors** and **Ofsted** at the touch of a button.)
- Ensure that parents have an understanding of the responsibility placed on the school and staff for child protection by setting out its obligations in the school prospectus. Parents should be made aware of the policies and procedures.
- Ensure that parents are aware that this policy is available on request, and make the policy available on the school website.
- Develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at child protection meetings.
- Develop links with other agencies that support the child such as Child and Adult Mental Health Service, Education Investigation and Education Psychology Service.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately.
- Ensure all records are kept securely; separate from the main pupil file, and in locked locations.
- Ensure that all staff are aware of what to do if there are concerns around a child. Appendix 1 refers to what to do if you are concerned. A referral through Dudley's front door portal must be completed when making a referral and can be accessed from the DSPPB website. KCSIE 2024 requests ALL staff understand:

**All staff** should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or are being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the designated safeguarding lead (DSL) if they have concerns around a child.

### **Early Help**

If early help is appropriate, the DSL/DDSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving.

Timelines of interventions will be monitored and reviewed.

Dudley Safeguarding Partnership threshold guidance is below, this should be considered when completing Request for Help and Support Form

<https://dudleysafeguarding.org.uk/wp-content/uploads/2023/03/DSPP-Support-Level-Guidance-and-Framework-March-2023.pdf>

Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan);
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;

- is frequently missing/goes missing from care or from home;
- is at risk of modern slavery, trafficking or exploitation;
- is at risk of being radicalised or exploited;
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse;
- is misusing drugs or alcohol themselves;
- has returned home to their family from care; and is privately fostered.
  - has a family parent or carer in custody, or is affected by parental offending
  - has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit.

### **Information Sharing, Confidentiality and Record Keeping**

*“This policy adheres to the principles under data protection law. For further information*

*please review the school's data protection policy published on the school's website”*

Confidentiality is an issue, which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. Every effort should be made to ensure that confidentiality is maintained for all concerned. Information should be handled and disseminated on a need to know basis only.

Timely information sharing is essential to effective safeguarding

Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children

The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe

If staff need to share ‘special category personal data’, the DPA 2018 contains ‘safeguarding of children and individuals at risk’ as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk. Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child’s best interests

The government’s [information sharing advice for safeguarding practitioners](#) includes 7 ‘golden rules’ for sharing information, and will support staff who have to make decisions about sharing information

Child protection information will be dealt with in a confidential manner. Staff will be informed of relevant details only when the

Designated Safeguarding Lead feels that those staff having knowledge of a situation will improve their ability to deal with an individual child and / or family. A record will be made of what information has been shared with whom, and when via CPOMs.

Child protection records will be stored securely in a central place separate from academic records. Individual files will be kept for each child: the school will not keep family files. Files will be kept for at least the period during which the child is attending the school, and beyond that in line with current data legislation and guidance.

Staff within our School are clear that if they have any concerns about a child (as opposed to a child being in immediate danger) they will need to decide what action to take. Where possible, they will have a conversation with the designated safeguarding lead to agree a course of action. Although staff members can make a referral to children’s social care.

Caslon Primary Community School is committed to the Early Help approach and staff are able to identify learners who need support through this route.

If a child is in immediate danger or is at risk of harm a referral should be made to the Front Door team and / or the police immediately. [Children’s Services Portal site](#)

Telephone Contact - **0300 555 0050**

Photography, videos and other images / media

The message is clear here, that adults should not take images of a child's injury, bruising or similar (e.g. following a disclosure of abuse) even if requested by children's social care; or make audio recordings of a child's disclosure (GSWP 2019)

Information will be stored in a secure place with restricted access to designated people and be maintained in line with data protection laws (e.g. that information is accurate, regularly updated, relevant and secure).

It may be necessary to liaise and where necessary, challenge other agencies involved, in order to obtain relevant information to support the child appropriately. If a child resides in another borough but attends a school in Dudley Caslon Primary Community School will ensure that we liaise with the Local Authority in which the child resides.

The Data Protection Act 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of the children.

If a child who is subject to a child protection plan leaves, their information should be transferred to the new school immediately and that child's social worker is informed.

It is important that governing bodies and proprietors are aware that among other obligations, the Data Protection Act 2018 and the GDPR place duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure.

Since the last edition of Safer Working Practices, the new Data Protection Act (DPA) has come into force bringing with the GDPR. The guidance says that school leaders should ensure that all staff who need to share 'special category personal data' are aware that the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition. This allows practitioners to share information without consent, if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent or if to gain consent would place a child at risk. (GSWP 2019)

### **Communication with Parents/Carers**

Where appropriate, we will discuss any concerns about a child with the child's parents/carers. The DSL will normally do this in the event of a suspicion or disclosure. Other staff will only talk to parents/carers about any such concerns following consultation with the DSL.

If we believe that notifying the parents/carers would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will usually notify the parents of all the children involved.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved. We will think carefully about what information we provide about the other child involved, and when. We will work with the police and/or local authority children's social care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

- Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed
- Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

## **Safer Recruitment**

The recruitment steps outlined below are based on part 3 of Keeping Children Safe in Education 2024. Amend or add to this as applicable to reflect your own working arrangements and context within your policy, this should be reworded to reflect your school setting.

To make sure we recruit suitable people, we will ensure that those involved in the recruitment and employment of staff to work with children have received appropriate safer recruitment training. At least 1 person conducting any interview for any post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of Keeping Children Safe in Education, and will be in line with local safeguarding procedures. We have put the following steps in place during our recruitment and selection process to ensure we are committed to safeguarding and promoting the welfare of children.

### **Advertising**

When advertising roles, we will make clear:

- ✓ Our school's commitment to safeguarding and promoting the welfare of children
- ✓ That safeguarding checks will be undertaken
- ✓ The safeguarding requirements and responsibilities of the role, such as the extent to which the role will involve contact with children
- ✓ Whether or not the role is exempt from the Rehabilitation of Offenders Act 1974 and the amendments to the Exceptions Order 1975, 2013 and 2020. If the role is exempt, certain spent convictions and cautions are 'protected', so they do not need to be disclosed, and if they are disclosed, we cannot take them into account

### **Application forms**

Our application forms will:

- ✓ Include a statement saying that it is an offence to apply for the role if an applicant is barred from engaging in regulated activity relevant to children (where the role involves this type of regulated activity)
- ✓ Include a copy of, or link to, our child protection and safeguarding policy and our policy on the employment of ex-offenders

### **Shortlisting**

Our shortlisting process will involve at least 2 people and will:

- ✓ Consider any inconsistencies and look for gaps in employment and reasons given for them
- ✓ Explore all potential concerns

Once we have shortlisted candidates, we will ask shortlisted candidates to:

- ✓ Complete a self-declaration of their criminal record or any information that would make them unsuitable to work with children, so that they have the opportunity to share relevant information and discuss it at interview stage. The information we will ask for includes:
  - ✓ If they have a criminal history
  - ✓ Whether they are included on the barred list
  - ✓ Whether they are prohibited from teaching
  - ✓ Information about any criminal offences committed in any country in line with the law as applicable in England and Wales
  - ✓ Any relevant overseas information
  - ✓ Sign a declaration confirming the information they have provided is true

We will also consider carrying out an online search on shortlisted candidates to help identify any incidents or issues that are publicly available online. Shortlisted candidates will be informed that we may carry out these checks as part of our due diligence process.

### **Seeking references and checking employment history**

We will obtain references before interview. Any concerns raised will be explored further with referees and taken up with the candidate at interview.

When seeking references we will:

- ✓ Not accept open references
- ✓ Liaise directly with referees and verify any information contained within references with the referees

- ✓ Ensure any references are from the candidate's current employer and completed by a senior person. Where the referee is school based, we will ask for the reference to be confirmed by the headteacher/principal as accurate in respect to disciplinary investigations
- ✓ Obtain verification of the candidate's most recent relevant period of employment if they are not currently employed
- ✓ Secure a reference from the relevant employer from the last time the candidate worked with children if they are not currently working with children
- ✓ Compare the information on the application form with that in the reference and take up any inconsistencies with the candidate
- ✓ Resolve any concerns before any appointment is confirmed

### **Interview and selection**

When interviewing candidates, we will:

- ✓ Probe any gaps in employment, or where the candidate has changed employment or location frequently, and ask candidates to explain this
- ✓ Explore any potential areas of concern to determine the candidate's suitability to work with children
- ✓ Record all information considered and decisions made

### **Pre-appointment vetting checks**

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

### **New staff**

- ✓ All offers of appointment will be conditional until satisfactory completion of the necessary pre-employment checks. When appointing new staff, we will:
  - ✓ Verify their identity
  - ✓ Obtain (via the applicant) an enhanced DBS certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will obtain the certificate before, or as soon as practicable after, appointment, including when using the DBS update service. We will not keep a copy of the certificate for longer than 6 months, but when the copy is destroyed we may still keep a record of the fact that vetting took place, the result of the check and recruitment decision taken
  - ✓ Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
  - ✓ Verify their mental and physical fitness to carry out their work responsibilities
  - ✓ Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
  - ✓ Verify their professional qualifications, as appropriate
  - ✓ Ensure they are not subject to a prohibition order if they are employed to be a teacher
  - ✓ Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK. These could include, where available:
    - ✓ For all staff, including teaching positions: [criminal records checks for overseas applicants](#)
    - ✓ For teaching positions: obtaining a letter from the professional regulating authority in the country where the applicant has worked, confirming that they have not imposed any sanctions or restrictions on that person, and/or are aware of any reason why that person may be unsuitable to teach

Academies, including free schools, and independent schools add:

Check that candidates taking up a management position\* are not subject to a prohibition from management (section 128) direction made by the secretary of state

\* Management positions are most likely to include, but are not limited to, headteachers, principals and deputy/assistant headteachers.

Schools with pupils aged under 8 add: We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual falls outside

of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

**Regulated activity** means a person who will be:

- ✓ Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- ✓ Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- ✓ Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

#### **Existing staff**

In certain circumstances we will carry out all the relevant checks on existing staff as if the individual was a new member of staff. These circumstances are when:

- ✓ There are concerns about an existing member of staff's suitability to work with children; or
- ✓ An individual moves from a post that is not regulated activity to one that is; or
- ✓ There has been a break in service of 12 weeks or more
- ✓ We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:
  - ✓ We believe the individual has engaged in [relevant conduct](#); or
  - ✓ We believe the individual has received a caution or conviction for a relevant (automatic barring either with or without the right to make representations) offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#); or
  - ✓ We believe the 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
  - ✓ The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

#### **Agency and third-party staff**

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

#### **Contractors**

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

An enhanced DBS check with barred list information for contractors engaging in regulated activity

An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

All Dudley MBC employees who work in and on behalf of schools will have been subject to appropriate recruitment procedures including DBS checks as part of the council's safer recruitment processes. Schools should check that visitors wear the official DMBC photograph ID as part of their signing in system. This is deemed as confirmation that the appropriate checks have been completed. Headteachers should however exercise due diligence in their management of the visit, to ensure that there is no potential for the school's safeguarding of pupils to be compromised. It is recommended that a copy of this letter is kept on file, as a written assurance from Dudley MBC, along with the school's single central record. This letter may be required to evidence that the school have taken proportionate means to reassure

themselves that the Council have assessed each role in relation to the above checks and suitability to engage within the children's workforce.

Schools with pupils aged under 8 add: For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

### **Trainee/student teachers**

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

Schools with pupils aged under 8 add: In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

### **Volunteers**

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity

- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity

- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity.

- We will retain a record of this risk assessment

Schools with pupils aged under 8 add:

Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

### **Governors**

All schools include:

- All governors [in academies: All trustees, local governors and members] will have an enhanced DBS check without barred list information.

- They will have an enhanced DBS check with barred list information if working in regulated activity.

- All governors will also have a section 128 check (as a section 128 direction disqualifies an individual from being a maintained school governor).

### **Procedure for dealing with Allegations about Staff - Concerns about a staff member, supply teacher or volunteer**

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the headteacher. If the concerns/allegations are about the headteacher, speak to the chair of governors.

Procedure for dealing with complaints and allegations about staff – See Part Four of KCSiE and detail your individual setting response, this could be what you have in your staff behaviour policy/code of conduct, ensure that they are consistent. Some settings have a separate policy on this matter.

An extra bullet point in relation to Managing Allegations criteria added for the LADO so schools must work with other agencies to investigate when a member of staff has **“behaved or may have behaved in a way that indicates they may not be suitable to work with children”**

Further guidance on how schools and colleges should handle allegations against supply staff & volunteers, has been added and handled accordingly.

The responsibility to manage allegations about supply teachers is made clear, so they still ensure allegations are dealt with appropriately when they are not the employer. Schools cannot simply cease to use this teacher. Processes should be developed to manage this akin to the disciplinary procedure and the school should advise supply agencies of its process for managing allegations.

Policy should be clear that any concerns about the conduct of other adults in the school should be taken to the Headteacher (NOT to DSL, unless DSL is also the Headteacher)

**Procedure for dealing with complaints and allegations about the headteacher or proprietor**

Concerns about the Headteacher should go to the Chair of Governors. (In proprietor-led independent schools, concerns about the proprietor(s) directly to the local authority Designated Officer (LADO).

**LADO is Yvonne Nelson-Brown** [Yvonne.nelson-brown@dudley.gov.uk](mailto:Yvonne.nelson-brown@dudley.gov.uk)

The policy should be clear about the steps the DSL should take in order to refer a concern outside the school, e.g. a social services enquiry or to LADO.

**The headteacher/chair of governors will then follow the procedures:**

Independent schools, use:

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the headteacher. If the concerns/allegations are about the headteacher, speak to the proprietor.

The headteacher/proprietor will then follow the procedures set out in appendix 3, if appropriate.

Independent schools where the headteacher is the sole proprietor, use:

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the headteacher.

If the concerns/allegations are about the headteacher, speak to the designated officer at the local authority.

Early years providers add:

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale.

**Staff concerns that do not meet the harm threshold.**

The section is based on 'Section 2: Concerns that do not meet the harm threshold' in part 4 of Keeping Children Safe in Education. Amend or add to this as applicable to reflect your own approach, taking into consideration the following: [Developing and implementing a low-level concerns policy: A guide for organisations which work with children](#)]

- Definition of low-level concerns
- Sharing low level concerns
- Responding to low level concerns
- Record keeping

**20. Whistleblowing**

Please also read separate whistle-blowing policy in conjunction as it covers:

What areas of malpractice or wrongdoing are covered by the procedures?

The options available for reporting a concern, including who to approach within the school and externally

How the school will respond to such concerns

What protection is available to staff who report another member of staff

Early years providers should also note the requirements set out in paragraph 3.75 of the statutory framework for the Early Years Foundation Stage.

**Referral to Disclosure & Barring Service (DBS)**

Any employee who is dismissed or resigns due to a child protection case will be referred to the DBS, who will consider the future risk

and harm the individual possess to vulnerable groups including children. The Single Central record must be in place and include all the areas covered in the Keeping Children Safe in Education 2021.

The Disqualification under the Childcare Act 2006 (Regulations 2018) state that schools should make clear their expectation that staff should disclose any relationship or association (in the real world or online) that may impact on the school's ability to safeguard pupils. This applies to all staff in all schools, not just those in early or later years childcare. (GSWP 2019)

### **Staff support**

We recognise the stressful and traumatic nature of child protection work. We will support staff by providing an opportunity to talk through their anxieties with the Designated Safeguarding Lead and to seek further support as appropriate.

### **Pupil Mental Health**

Positive mental health is the concern of the whole community and we recognise that schools play a key part in this. Our school wants to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. Our Mental Health Lead is Mis M Hebbon.

We understand that there are risk factors, which increase someone's vulnerability, and protective factors that can promote or strengthen resiliency. The more risk factors present in an individual's life, the more protective factors or supportive interventions are required to counter balance and promote further growth of resilience.

It is vital that we work in partnership with parents to support the well-being of our pupils. Parents should share any concerns about the well-being of their child with school, so appropriate support and intervention is identified and implemented.

### **Implementation, Review and Monitoring**

Implementation will take place by ensuring this policy is discussed at the governors meeting and ensuring all staff are made aware of its existence.

This Policy will be monitored and reviewed on an annual basis and has been ratified by the Governing Body on September 2024

A copy of this Policy is also available on the school's website

## **APPENDIX 1**

### **Indicators of Abuse and Neglect**

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

- Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children.
- Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.
- Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.
- Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

## Appendix 2

### Specific Safeguarding Matters

Appendix 2 contains important additional information about specific forms of abuse and safeguarding issues. School and college leaders and those staff who work directly with children should read this annex.

As per Part one of this guidance, if staff have any concerns about a child's welfare, they should act on them immediately. They should follow their own organisation's child protection policy and speak to the designated safeguarding lead (or deputy).

Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care (and if appropriate the police) is made immediately.

Transporting Children

**Children and the court system** Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5-11-year olds and 12-17 year olds. The guides explain each step of the process and support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

#### **Children missing from education**

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. Staff should be aware of their school's or college's unauthorised absence and children missing from education procedures. See attendance policy.

#### **Children with family members in prison**

Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

## **Serious violence**

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs. All staff should be aware of the range of risk factors which increase the likelihood of involvement in serious violence, such as being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending, such as theft or robbery.

All staff should be aware of the associated risks and understand the measures in place to manage these. Advice for schools and colleges is provided in the Home Office's Preventing youth violence and gang involvement and its Criminal exploitation of children and vulnerable adults: county lines guidance.

## **Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)**

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

### **Child Criminal Exploitation (CCE)**

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Children can become trapped by this type of exploitation as perpetrators can threaten victims (and their families) with violence, or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others. As children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised by adults and professionals, (particularly older children), and they are not treated as victims despite the harm they have experienced. They may still have been criminally exploited even if the activity appears to be something they have agreed or consented to.

It is important to note that the experience of girls who are criminally exploited can be very different to that of boys. The indicators may not be the same, however professionals should be aware that girls are at risk of criminal exploitation too. It is also important to note that both boys and girls being criminally exploited may be at higher risk of sexual exploitation. Further information about CCE including definitions and indicators is included in Annex B of KCSiE 2024

### **Child Sexual Exploitation (CSE)**

CSE is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or nonpenetrative acts such as masturbation, kissing, rubbing, and touching outside clothing. It may include noncontact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse including via the internet. CSE can occur over time or be a one-off occurrence, and may happen without the child's immediate knowledge e.g. through others sharing videos or images of them on social media. CSE can affect any child, who has been coerced into engaging in sexual activities. This includes 16 and 17 year olds who can legally consent to have sex. Some children may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship.

Some of the following signs may be indicators of CSE and CCE:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who have older boyfriends or girlfriends;
- children who suffer from sexually transmitted infections or become pregnant;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

### **County lines**

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
  - can be perpetrated by individuals or groups, males or females, and young people or adults;
- and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

### **Domestic abuse**

KCSIE 2024 specifically names Domestic abuse as significant issue for children. These children are now referred to as victims of Domestic Abuse.

The cross-government definition of domestic violence and abuse is: Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children are classed as victims of domestic abuse. Following the Domestic Abuse Act 2021 They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial;
- emotional

Domestic abuse can take many forms, including psychological, physical, sexual, financial and emotional.

Our school recognises that exposure to domestic abuse can have a serious, long-term emotional and psychological impact on children.

We work with other key partners and share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm. If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. West Midlands police forces are part of [Operation Encompass](#)

The impact of on children who are exposed to Domestic abuse or suffer it in their own relationships have been made clear; This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse., including where they see, hear or experience its effects.

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life. Advice on identifying children who are affected by domestic abuse and how they can be helped is available at: national crime agency human-trafficking NSPCC- UK domestic-abuse Signs Symptoms Effects Refuge what is domestic violence/effects of domestic violence on children Safelives: young people and domestic abuse Caslon primary will work in co-ordination with the Police through operation Encompass to give children and parents support when an incident of Domestic Abuse has occurred.

### **Homelessness**

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The following factsheets usefully summarise the new duties: Homeless Reduction Act Factsheets. The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Children's services will be the lead agency for these young people and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The department and the Ministry of Housing, Communities and Local Government have published joint statutory guidance on the provision of accommodation for 16 and 17 year olds who may be homeless and/ or require accommodation: [here](#).

### **Honour Based Abuse**

So-called 'honour-based' abuse (including Female Genital Mutilation and Forced Marriage) So-called 'honour-based' abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or

community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA. Actions If staff have a concern regarding a child that might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on teachers.

## **FGM**

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

### **FGM mandatory reporting duty for teachers**

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils or students, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: [Mandatory reporting of female genital mutilation procedural information](#).

Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England).

Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case. 101 As defined in the Government's Counter Extremism Strategy.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school's or college's designated safeguarding lead (or deputy) and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty: [FGM Fact Sheet](#).

## **Forced marriage**

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit has published statutory guidance and Multi-agency guidelines, with pages 35-36 of which focus on the role of schools and colleges. School and college staff can

contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email [fm@fco.gov.uk](mailto:fm@fco.gov.uk).

### **Preventing radicalisation**

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach.

Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.

Radicalisation is the process of a person legitimising for, or use of, terrorist violence.

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet).

Terrorism is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a referral to the Channel programme.

### **The Prevent duty**

All schools and colleges are subject to a duty under section 26 of the Counter Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard<sup>103</sup> to the need to prevent people from being drawn into terrorism".<sup>104</sup> This duty is known as the Prevent duty. The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised Prevent duty guidance: for England and Wales, especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies.

Additional support The department has published advice for schools on the Prevent duty. The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.

As defined in the Revised Prevent Duty Guidance for England and Wales. <sup>103</sup> According to the Prevent duty guidance 'having due regard' means that the authorities should place an appropriate amount of weight on the need to prevent people being drawn into terrorism when they consider all the other factors relevant to how they carry out their usual functions. <sup>104</sup> "Terrorism" for these purposes has the same meaning as for the Terrorism Act 2000 (section 1(1) to (4) of that Act).

There is additional guidance: Prevent duty guidance: for further education institutions in England and Wales that applies to colleges.

Educate Against Hate, a website launched by the Her Majesty's Government has been developed to support and equip school and college leaders, teachers, and parents with information, tools and resources (including on the promotion of fundamental British values) to help recognise and address extremism and radicalisation in young people. The platform provides information on and access to training resources for teachers, staff and school and college leaders, some of which are free such as Prevent e-learning, via the Prevent Training catalogue.

## **Channel**

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. Guidance on Channel is available at: Channel guidance, and a Channel awareness e-learning programme is available for staff at: Channel General Awareness. The school's or college's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Channel referral. As a Channel partner, the school or college may be asked to attend a Channel panel to discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required.

## **Child on Child Abuse**

Children can abuse other children. This was previously known as Peer on Peer abuse but from KCSIE 2022 now referred as Child on Child abuse and can take many forms. This can include (but is not limited to) bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals. All staff should be aware that children can abuse other children. And that it can happen both inside and outside of school or college and online. It is important that all staff recognise the indicators and signs of Child on Child abuse and know how to identify it and respond to reports. All staff should understand, that even if there are no reports in their schools or colleges it does not mean it is not happening, it may be the case that it is just not being reported. As such it is important if staff have any concerns regarding Child on Child abuse they should speak to their designated safeguarding lead (or deputy). It is essential that all staff understand the importance of challenging inappropriate behaviours between peers, many of which are listed below, that are actually abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

## **Sexual violence and sexual harassment between children in schools and colleges**

Context Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh" or "boys being boys"; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

As stated in KCSiE 2024: Upskirting is now a criminal offence. Upskirting is defined as: It typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.

All staff should be able to reassure victims that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are

creating a problem by reporting abuse, sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

### **What is Sexual violence and sexual harassment?**

Sexual violence It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below: Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents. Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents. Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

### **What is consent?**

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.<sup>107</sup> Sexual harassment When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual "jokes" or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

It may include:

- non-consensual sharing of sexual images and videos;
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; and
- sexual exploitation; coercion and threats

The response to a report of sexual violence or sexual harassment The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by

It is important school and college staff (and especially designated safeguarding leads and their deputies) understand consent. This will be especially important if a child is reporting they have been raped. More information: [here](#)

PSHE Teaching about consent from the PSHE association provides advice and lesson plans to teach consent at Key stage 3 and 4. <sup>1</sup>Project DE SHAME from Childnet provides useful research, advice and resources regarding online sexual harassment.

reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

If staff have a concern about a child or a child makes a report to them, they should follow the referral process as set out from paragraph Appendix 3 one of this guidance. As is always

the case, if staff are in any doubt as to what to do they should speak to the designated safeguarding lead (or a deputy).

### **Sharing of nudes and semi-nudes ('sexting')**

This is a suggested approach based on guidance from the UK Council for Internet Safety [advice for education settings](#) for all staff and for DSLs and senior leaders. Amend or add to this as applicable to reflect your own approach.

### **Responsibilities when responding to an incident**

If you are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos, including pseudo-images, which are computer-generated images that otherwise appear to be a photograph or video (also known as 'sexting' or 'youth produced sexual imagery'), you must report it to the DSL immediately.

#### **You must not:**

- View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved
- You should explain that you need to report the incident and reassure the pupil(s) that they will receive support and help from the DSL.

### **Initial review meeting**

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide on the best response
- Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult. Where an adult poses as a child to groom or exploit a child or young person, the incident may first present as a child-on-child incident. See appendix 4 for more information on assessing adult-involved incidents
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example, owing to SEN)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the images or videos is under 13

- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

#### **Further review by the DSL**

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks. They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

#### **Informing parents/carers**

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

#### **Referring to the police**

If it is necessary to refer an incident to the police, this will be done through [insert details of your existing arrangements, e.g. a safer schools officer, a police community support officer, local neighbourhood police, dialling 101].

#### **Recording incidents**

All incidents of sharing of nudes and semi-nudes, and the decisions made in responding to them, will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording these incidents.

#### **LGBT+ and Gender Questioning**

**The section of KCSIE 2024 on gender questioning children remains under review, pending the outcome of the gender questioning children guidance consultation, and final gender questioning guidance documents being published, enter here your schools procedures taking into consideration the draft guidance from the Dfe**

Some pupils may be vulnerable due to their sexual orientation or gender identity, either because they are subject to homophobic, bi-phobic or transphobic bullying or because of negative responses from parents/carers or others, which may result in increased risk of self-harm, suicide or homelessness. The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavor to reduce the additional barriers faced, and provide a safe space for them to speak out or share their concerns with members of staff.

LGBT inclusion is part of the statutory [Relationships Education, Relationship and Sex Education and Health Education](#) curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse.

Several studies also evidence that LGBT+ young people may be at increased risk of becoming victims of CSE.

## **Appendix 4-What to do if you are concerned:**

### **(Concerns outside the immediate environment (e.g. a parent or carer)**

- Report your concerns to the, *Designated Safeguarding Lead* who should contact MASH Team or the Police as soon as possible.
- If the *Designated Safeguarding Lead* is not available, then the Head Teacher or the person currently responsible for the school should be informed. (This is to ensure there is no delay in seeking advice or making a referral).
- The MASH Team and the *Designated Safeguarding Lead* will decide how to involve the parents/carers. Parents should not be informed if to do so would increase risk to the child'.
- Maintain confidentiality on a **need to know** basis only.

### **Information for social care or the police about suspected abuse**

To ensure that this information is as helpful as possible, a detailed record should always be made at the time of the disclosure/concern, which should include the following:

- The reasons for your concern
- Full name and date of birth of the child
- Names and dates of birth of the child's family/household members
- Other agencies/professionals involved with the family
- The child's first language and any special needs
- The child's developmental needs, family and environmental factors and parenting capacity
- Any work you may have already undertaken with the child and family

All incidents will be reported on a Multi –Agency Referral Form (MARF)

### **Responding to allegations or suspicions (about someone working with children or young people (e.g. a teaching assistant)**

It is not the responsibility of anyone working within Caslon Primary Community School, in a paid or unpaid capacity to decide whether or not child abuse has taken place. However, there is a responsibility to act on any concerns by reporting these to the appropriate officer or the appropriate authorities.

*Caslon Primary Community School* will ensure all staff/volunteers that it will fully support and protect anyone, who in good faith reports his or her concern that a colleague is, or may be, abusing a child.

All allegations or suspicions of abuse will be taken seriously and treated in accordance with these procedures. They will be applied when there is an allegation or concern that any person, who works with children, in connection with their employment, voluntary or personal activity, has:

- Behaved in a way that has harmed a child, or may have harmed a child;
- Possibly committed a criminal offence against, or related to a child;
- Behaved towards a child or children in a way that indicates they are likely to pose a risk of harm to children

These behaviours will be considered within the context of the four categories of abuse (i.e. physical, sexual and emotional abuse and neglect). This includes concerns relating to inappropriate relationships between members of staff and children or young people, for example:

- Having a sexual relationship with a child under 18 if in a position of trust in respect of that child, even if consensual (s16-19 *Sexual Offences Act 2003*);

- 'Grooming', i.e. meeting a child under 16 with intent to commit a relevant offence (s15 *Sexual Offences Act 2003*);
- Other 'grooming' behaviour giving rise to concerns of a broader child protection nature (e.g. inappropriate text / e-mail messages or images, gifts, socializing etc);
- Possession of sexual images of children / pseudo-photographs of children.

The definition of working with children includes paid and unpaid staff, volunteers and carers (including foster and adoptive carers). It may include everyone who works in Caslon Primary Community School, including administrative and other support staff.

### **Action if there are concerns**

Concerns about poor practice:

- If, following consideration, the allegation is clearly about poor practice; the Head Teacher will deal with it as a misconduct issue.
- If the allegation is about poor practice by the Designated , *Safeguarding Lead*, or if the matter has been handled inadequately and concerns remain, it should be reported to the Head Teacher / Chair of Governors who will decide on whether disciplinary action should be taken and the next steps to take.

Concerns about suspected abuse

- Any suspicion that a child has been abused by either a member of staff or a volunteer must be reported to the Designated *Safeguarding Lead* / Head Teacher, who will take such steps as considered necessary to ensure the safety of the child in question and any other child who may be at risk.
- The Designated *Safeguarding Lead* / Head Teacher will refer the allegation to the SPA Team who may involve the Police. All allegations against people who work with children must be passed onto the LADO.
- The parents or carers of the child will be contacted as soon as possible following advice from the MASH Team.
- If the Designated *Safeguarding Lead* is the subject of the suspicion/allegation, the concern must be shared with the Head Teacher. If the Head Teacher is the subject of the concern / allegation, the concern must be shared with the Chair of Governor. The Chair of Governors will liaise with the Designated Officer for Managing Allegations and HR.

### **Internal Enquiries and Suspension**

The Head Teacher will liaise with the Chair of Governors and make an immediate decision about whether any individual accused of abuse should be temporarily suspended pending further police and social care inquiries. Advice can also be sought from the Human Resources Section and the LADO.

Irrespective of the findings of the MASH Team or Police inquiries the Head Teacher / Chair of Governors will assess all individual cases to decide whether an individual can be reinstated and how this can be sensitively handled. This may be a difficult decision; particularly where there is insufficient evidence to uphold any action by the police. In such cases, the Chair of Governors and Head Teacher must reach a decision based upon the available information which could suggest that on a balance of probability; it is more likely than not that the allegation is true. The welfare of the child should remain of paramount importance throughout.

**APPENDIX 5**

**PROCESS FOR RECORDING AND REPORTING A CONCERN ABOUT A CHILD**

DSL - Miss Garrett  
 Dep DSLs - Mrs Holden-Gough,  
 Mr Monk, Mrs R Harper, Mrs  
 Crump and Miss Hebron

Safeguarding Governor:  
 James Gray

Write the Concern Form or  
 complete Online Monitoring  
 System -CPOMS  
 (DSL MUST receive a  
 concern in writing)

Local Authority DO/Risk: (For  
 concerns about an Adult/person  
 in Position of Trust)

Contact Details:  
 Yvonne Nelson-Brown  
 01384 813110  
 Or Sukhchandan Kaur - 01384  
 813066

Deliver/Report all concerns  
 to: Miss Garrett and Mrs  
 Holden-Gough

DSL reviews concern,  
 identifies level of need and  
 makes a decision about the  
 Next Steps

Decision To <b>MONITOR</b> The Concern	Decision To <b>DISCUSS</b> The Concern With Parent/S Carer	Decision to <b>REFER</b> the concern to Childrens Social Care (CSC)
---	--	--

**MONITOR**

**DISCUSS**

**REFER**

School worker  
 asked to monitor  
 pupil and feedback  
 to the DSL within  
 an agreed  
 timescale

**MONITOR**

After discussion DSL  
 decides to either, discuss  
 further with parent/carer,  
 monitor via school worker  
 or make a referral into CSC

## Appendix 6

- (1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part Four of this guidance.
- (2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.
- (3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).
- (4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).
- (5) This could include applying for an Emergency Protection Order (EPO).
